COLORADO SPRINGS

COLORADO

We issue a list of Native Colorado
Alpines and other Plants and Seeds,
and a general catalogue of Ever-
greens, Shrubs and Perennials. We
are glad to send these on request.

Iris orders will be filled beginning about July 15th.

10 per cent discount on all orders of \$15.00 and over.

5% discount on all orders received between June 1st and August 1st.

No order filled for less than \$2.00.

Postage or express prepaid on all Irises.

One healthy rhizome is indicated by price quoted. The size of rhizomes varies greatly in different varieties.

We guarantee all plants sent out to be true to name, vigorous and healthy.

We make no guarantee covering the successful culture of plants after they have passed beyond our control.

Orders are accepted on condition that they will be void should stock be oversold or fail through any cause beyond our control.

TRANSPLANTING of Iris produces best results when done from two to six weeks after blooming period, though they may be planted successfully up to late autumn.

Irises will grow in any good garden soil. Prepare the ground thoroughly fifteen to eighteen inches deep.

Plant them with the fiber roots spread, well firmed in the ground, and top half of rhizome above the surface.

Join the American Iris Society. The quarterly Bulletin is worth the dues, \$3.00 per year.
